

Bill Elder the choice of liberty activists in the Republican Party.

Constitutionalist for El Paso County Sherriff

In the heavily contested El Paso County Sheriff's Office race, there is only one candidate that expresses interest in protecting all rights from an intrusive government. Bill Elder's message of a government limited by the US and Colorado Constitutions coupled with his plan for transparency and efficiency make Bill the choice of liberty activists for Sheriff in El Paso County.

In signing the Liberty Compact of the Republican Liberty Caucus, Bill has pledged to promote the freedom and independence of citizens, not the interference of government in their lives; and observe the limited, enumerated powers of our Constitution.

Friends of liberty understand the importance of the entire Bill of Rights and other restrictions the Constitution of the United States and Colorado put on our governments; thankfully Bill Elder does as well.
